

**Babycare**

# Natural Plus

Single channel electric breast pump

4 suction  
levels

Gentle nipple  
stimulation

Silent

The electric single channel breast pump **Natural Plus** features a compact design that makes it easy to use. It stimulates the nipple gently, through 4 different suction levels: when turned on, the breast pump automatically begins to gently stimulate the nipple; subsequently, you can choose among the 4 levels of suction and adjust the flow. Including Step 1+2 anti-colic 180 ml bottle equipped with the special anti-colic and anti-otitis system, which can be used directly during milk suction; moreover, the standard equipment includes an extra 250 ml bottle to keep the milk in the refrigerator or in the freezer, thanks to the closure cap provided.

**ACCESSORIES:** • Compressor • Additional silicon teats • Additional milk container • Accessories bag • 180 ml Baby bottle • Closing cap • Air tube
